- Your membership for the current period becomes effective when we receive your application, with payment (Sustaining members), and runs until March 31st of the year your dues expire. We are sorry, but dues for a year cannot be prorated for applications submitted/received after 1 April (Value exception: *Initial membership payments* received between Jan 1 & March 31 will initiate your membership then, but the payments will be credited for the year beginning in April. In that situation up to the first three months of a new membership can be free for paying members!)

All dues go directly toward the expenses associated with providing this ministry to military members of the Community of Christ. Donations welcome!
